# Simple Line Plot

In [ ]:

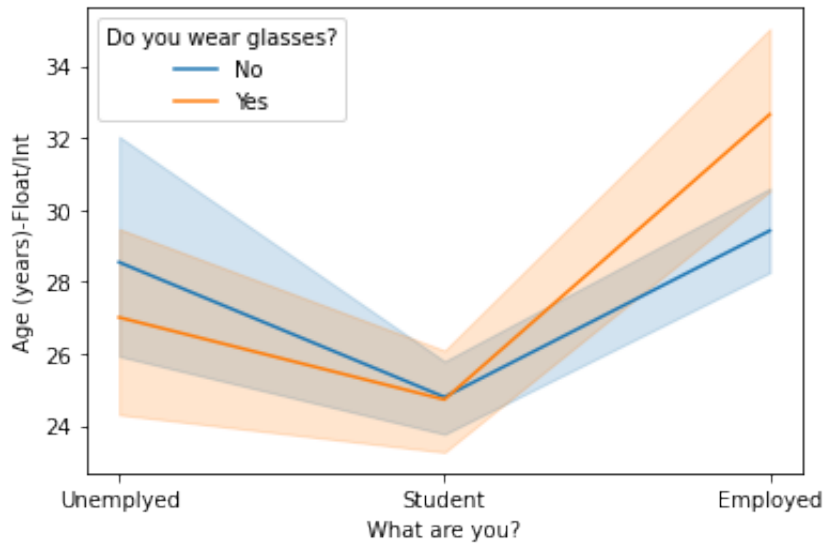

```
#import library
import pandas as pd
import seaborn as sns
import matplotlib.pyplot as plt
#import data
data=pd.read_csv("survey_data.csv")
#draw a line plot
sns.lineplot(x="Gender", y="Research/Working experience (Float/Int) years")
#showing plot
plt.show ()
```

# Line Plot With Hue

In [ ]:

```
#import library
import pandas as pd
import seaborn as sns
import matplotlib.pyplot as plt
#import data
data=pd.read_csv("survey_data.csv")
#draw a line plot
sns.lineplot(x="What are you?", y="Age (years)-Float/Int", data=data, hue=)
#showing plot
plt.show ()
```

## Adding Title

In [ ]:

```
#import library
import pandas as pd
import seaborn as sns
import matplotlib.pyplot as plt
#import data
data=pd.read_csv("survey_data.csv")
#draw a line plot
sns.lineplot(x="Your favorite programming language?", y="Are you Vaccinated")
#title
plt.title ("Line Plot With Title")
#showing plot
plt.show ()
```

## Adding Limits

In [ ]:

```

#import library
import pandas as pd
import seaborn as sns
import matplotlib.pyplot as plt
#import data
data=pd.read_csv("survey_data.csv")
#draw a line plot
sns.lineplot(x="Qualification_completed", y="field_of_study", data=data)
#title
plt.title ("Line Plot With Limit")
#adding limit
plt.ylim (5)
#showing plot
plt.show ()

```

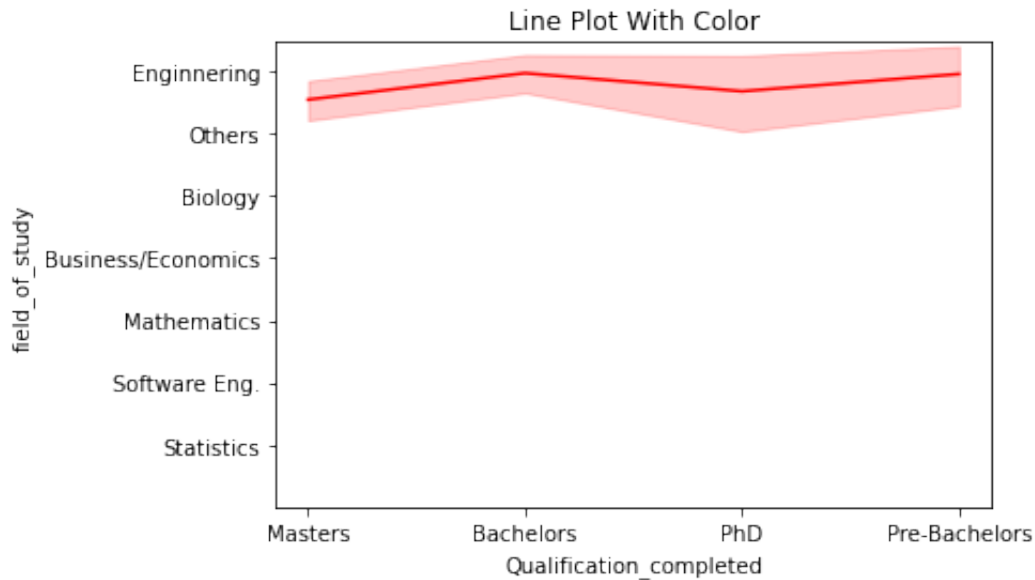

## Adding color

In [ ]:

```

#import library
import pandas as pd
import seaborn as sns
import matplotlib.pyplot as plt
#import data
data=pd.read_csv("survey_data.csv")
#draw a line plot and adding color
sns.lineplot(x="Qualification_completed", y="field_of_study", data=data, color="blue")
#title
plt.title ("Line Plot With Color")
#adding limit
plt.ylim (9)
#showing plot
plt.show ()

```

## Increasing Title Font

In [ ]:

```
#import library
import pandas as pd
import seaborn as sns
import matplotlib.pyplot as plt
#import data
data=pd.read_csv("survey_data.csv")
#draw a line plot and adding color
sns.lineplot(x="Gender", y="Marital Status?", data=data, color="yellow")
#title
plt.title ("Line Plot With Big Title", size=22)
#showing plot
plt.show ()
```
